

Telehandler Loader buckets

All our Loader buckets are manufactured in house in our own workshop in the UK using quality materials to the highest standards

Available for most makes and models of telehandler inc:

JCB 520,525,530,531,535 (compact tool carrier, tool carrier and Q/fit hitches) Merlo, Manitou, Matbro, Terex, Deutz, Kramer, Claas etc

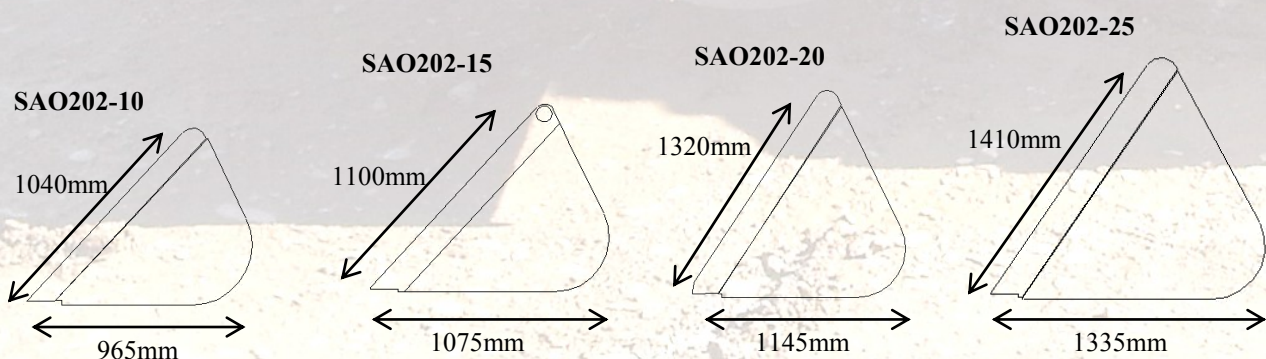

All our buckets are manufactured with 200mm x 20mm (8" x 3/4") 270HB Boron cutting edges, 12mm leading edges on the side plates and wear ribs on the floor as standard.

All are supplied complete with brackets.

Bolt on reversable blades are also available to increase the wear life when being used on concrete or hard surfaces

202-10 General Purpose and 202-20 Grain shovels

We offer 4 sizes of telehandler bucket shells ranging from 60" wide, 0.7m capacity up to 96" wide with a 2.8m capacity
