## Excavator Thumbs

### Excavator Thumbs

A cheap alternative to a grab for light weight materials handling (waste, wood, small trees etc)

Works in the same principle as a grab but uses a standard bucket to clamp items against the thumb

Can be folded out of the way when not need in order to use the bucket as normal

Machine Size	Part No.	Width	Height
750kg to 1.9ton	TH05	200mm	450mm
2 to 3.9ton	TH20	255mm	600mm
4 to 9 ton	TH40	410mm	950mm
9 to 15 ton	TH90	510mm	1200mm
16 to 27 ton	TH160	640mm	1500mm
